# **Crescat Firm Presentation**

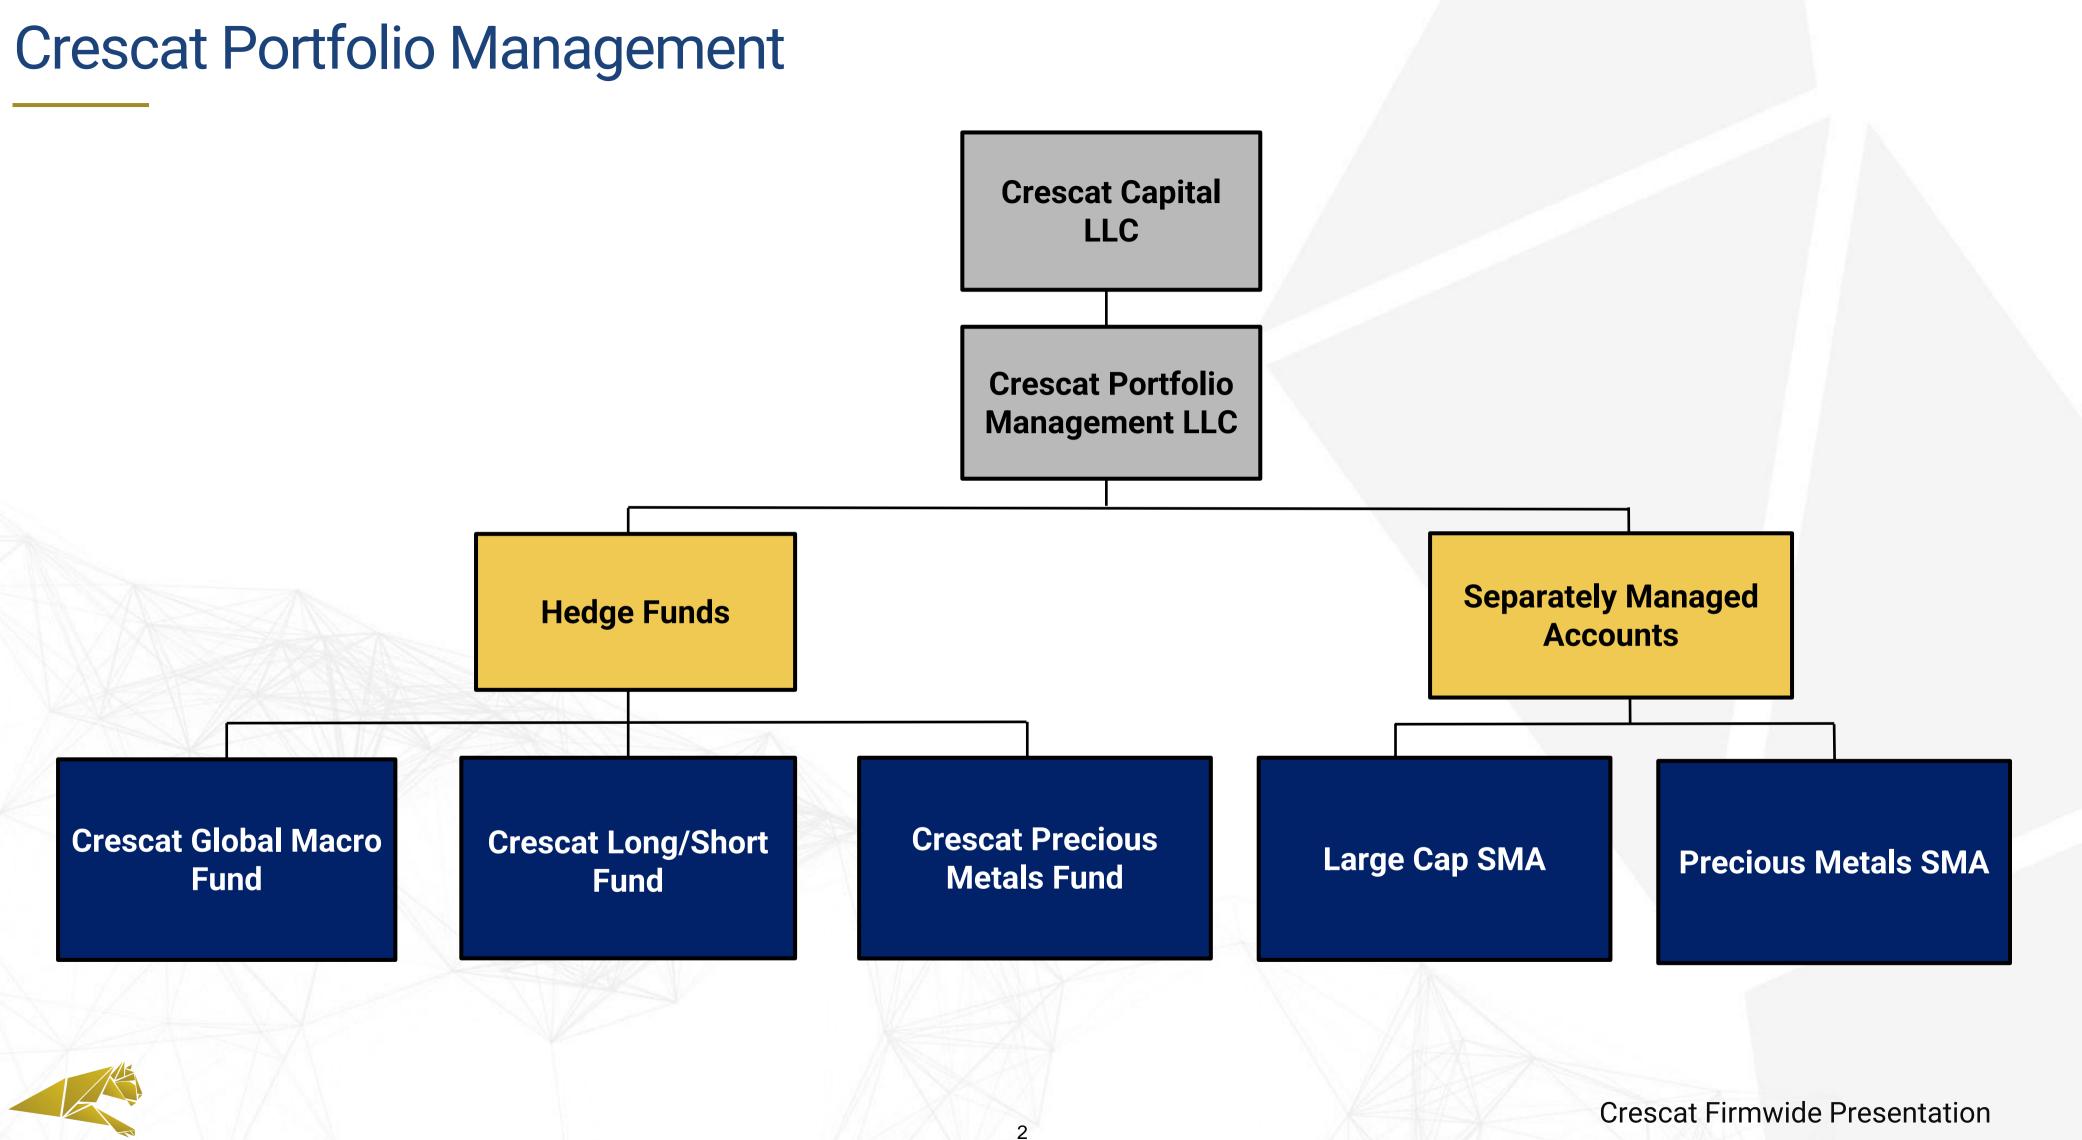

## **CRESCAT CAPITAL®** THE VALUE OF GLOBAL MACRO INVESTING

. . . . . . . .

.....

May 2022

## **Investment Process**

### Hierarchy of Primary Values and Supporting Methods

- Development and expression of tactical macroeconomic themes
- Proprietary value-based research
- Quant models
  - Fundamental Equity
  - Macro
  - Precious Metals Exploration
- Hire industry experts to further exploit most important themes
- Risk management that embraces moderate volatility to realize intrinsic value with hedging based on divergent relative value

### Macro + Value

Proprietary Quant Research + Use of Industry Experts

Models Include: Fundamental Equity, Macro, & Precious Metals

Risk Management: Position Sizing, Intrinsic Value, Hedging, Correlations

## Crescat's Three Overriding Macro Themes

Our three highest-conviction macro positions today are all expressed in our Global Macro Fund. We consider the combination of the three to be the Macro Trade of the Century.

. . . . . . . . . . . .

## Natural Resource Industries vs. Global Equity Markets

### Public Companies Aggregate Market Cap Worldwide

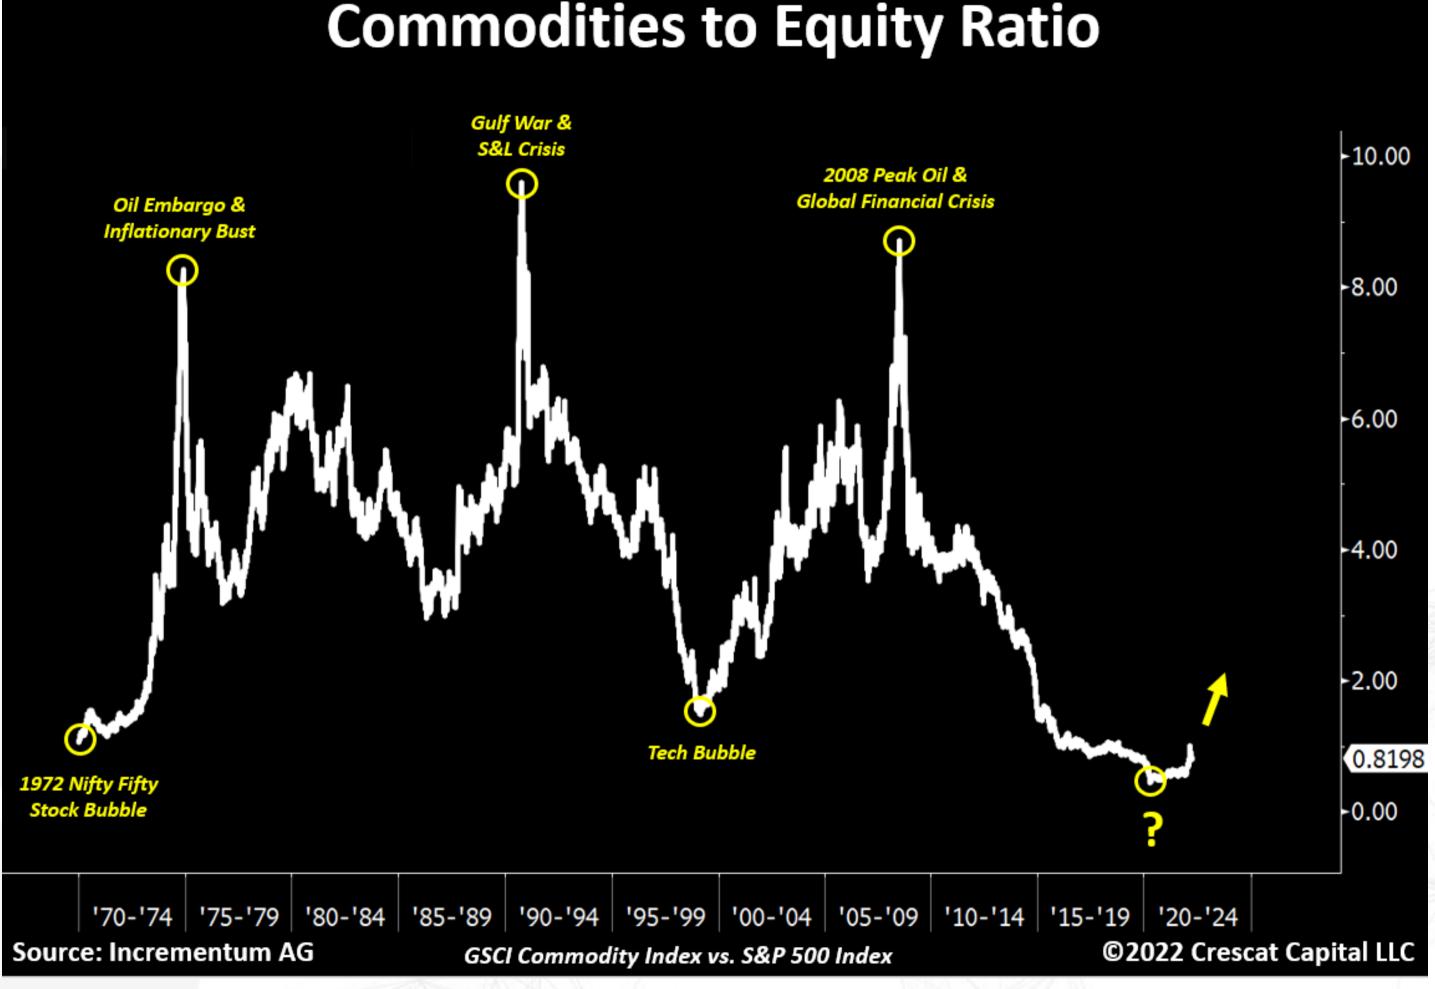

©2022 Crescat Capital LLC

Driven mostly by technology related companies, global equity markets have grown to an aggregate amount of almost \$120 trillion. That is 11 times the size of the overall natural resource industries worldwide.

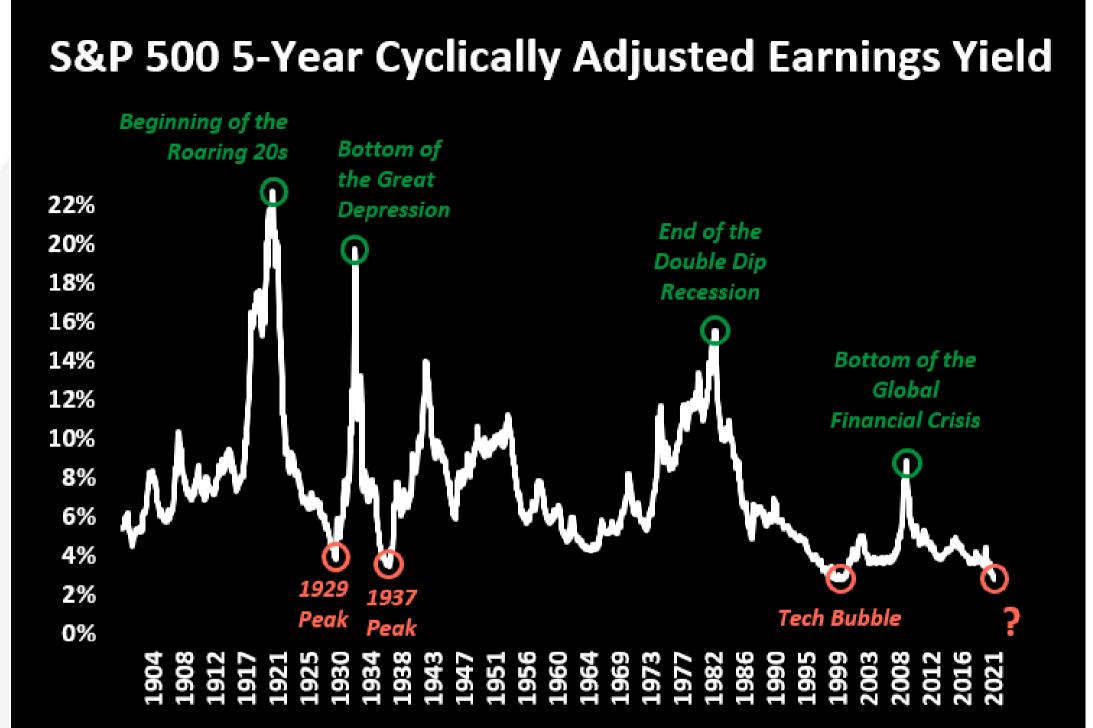

## **Commodities to Equity Ratio**

The Commodity-toequity ratio is at a 50-year low.

### Source: Yale University, Robert Shiller

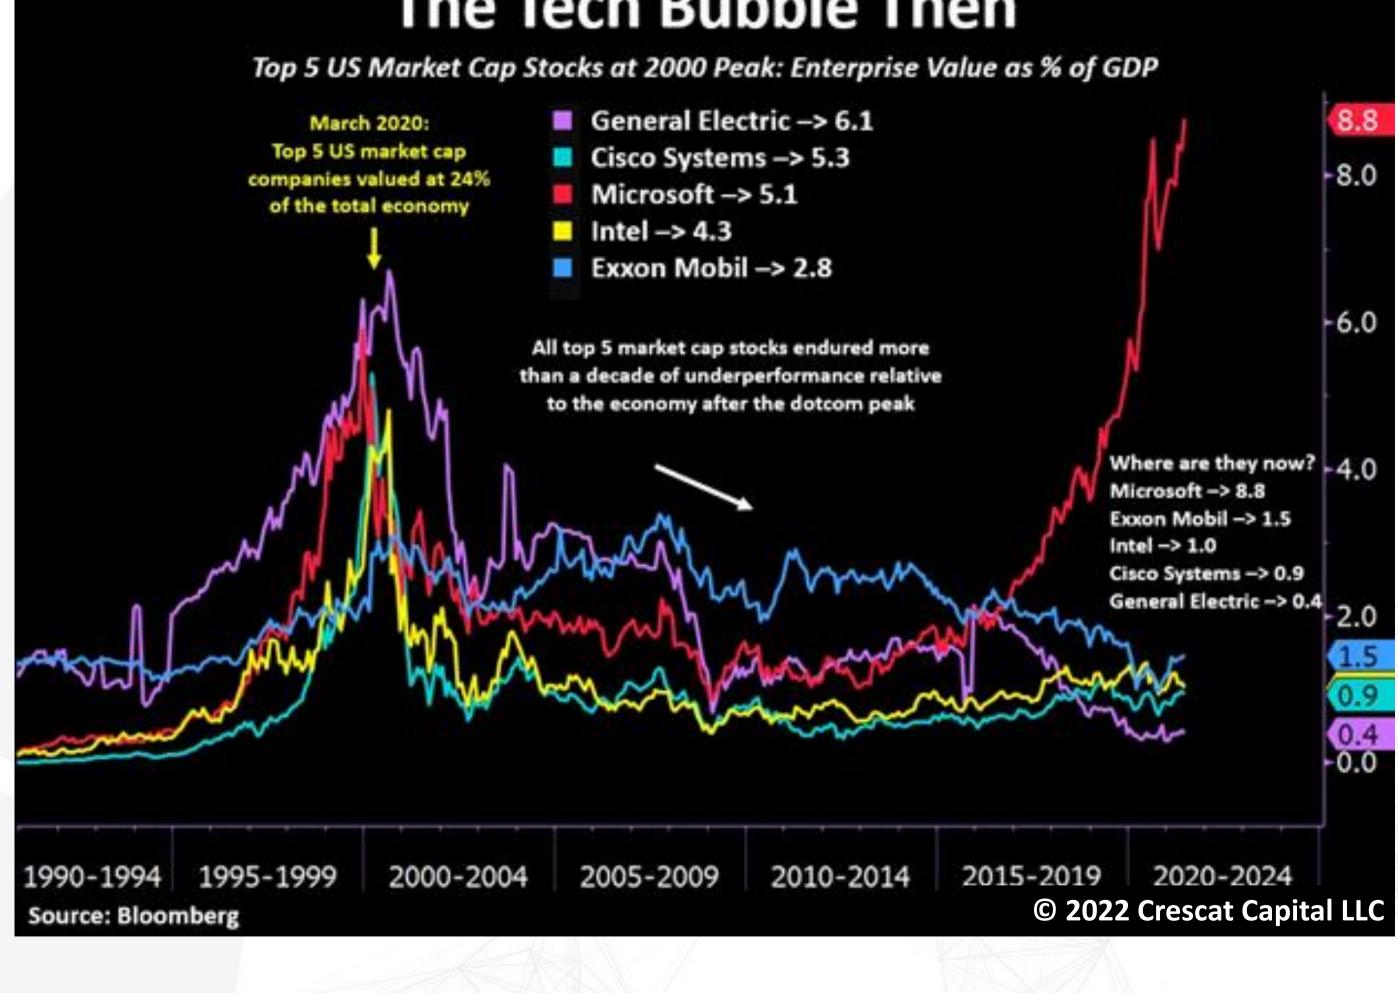

### ©2021 Crescat Capital LLC

Market Deviade	E Veen Custically Adjusted Ecunines Vield	Subsequent S&P 500 Performance									
Warket Perious	5-Year Cyclically Adjusted Earnings Yield	1-Year	2-Year	3-Year	5-Year						
1929 Peak	3.8%	-30%	<b>-59</b> %	<b>-84</b> %	-74%						
1937 Peak	3.5%	-37%	<b>-29</b> %	-33%	-51%						
Tech Bubble	2.8%	-17%	- <b>26</b> %	-43%	-21%						
Average at Peak	3.4%	-28%	-38%	-53%	-49%						
Today	2.8%	?	?	?	?						

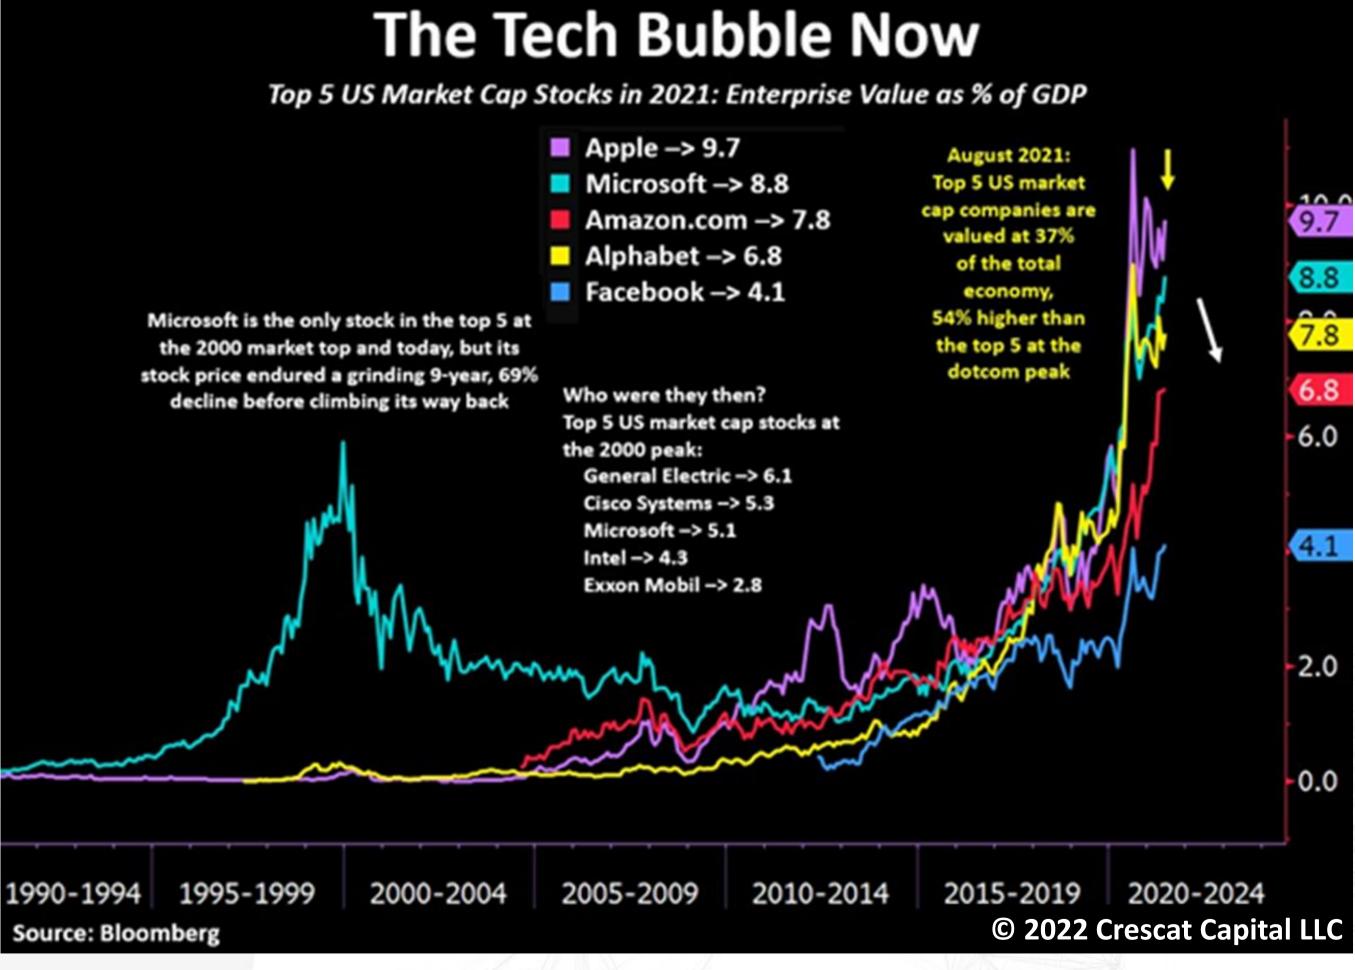

Such depressed earnings' yields have always led to very significant market meltdowns.

# The Tech Bubble Then

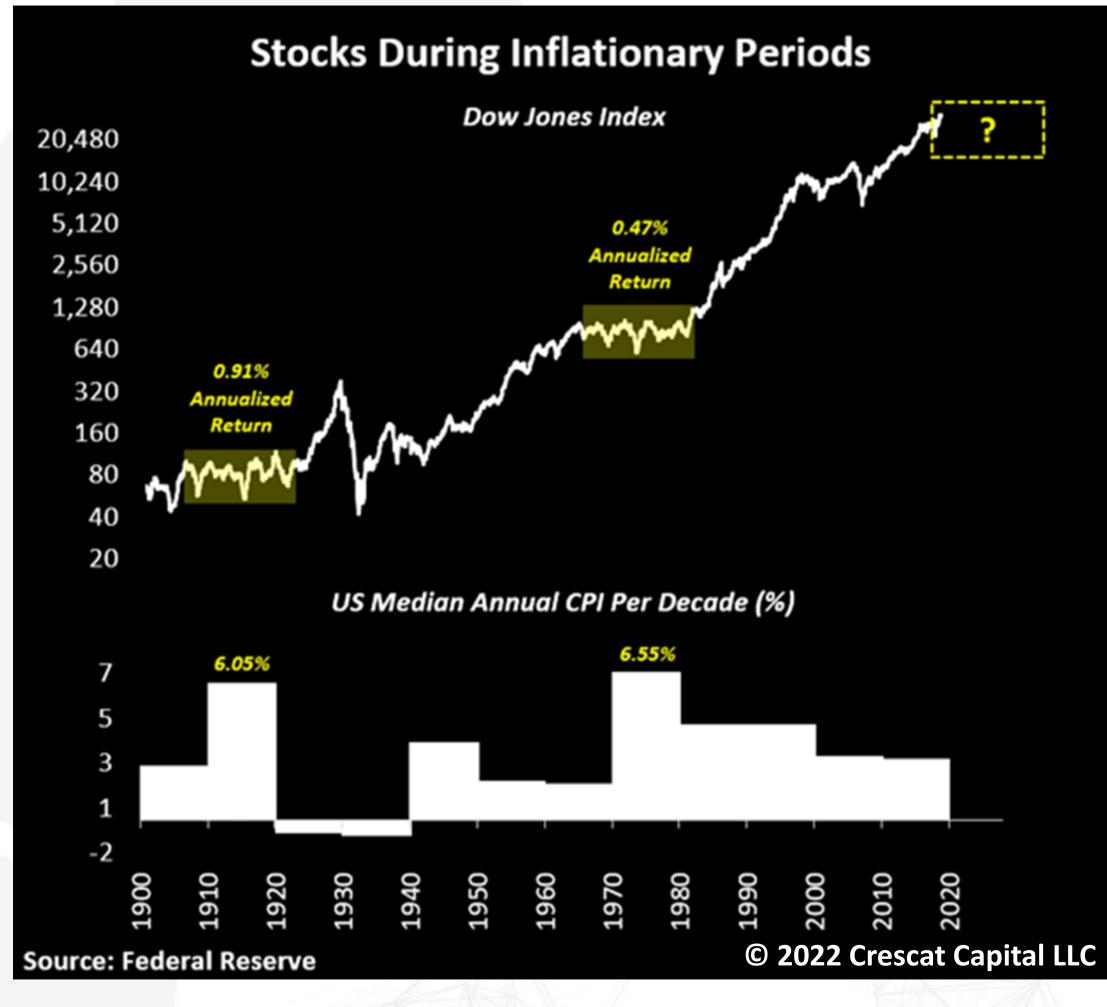

Over the two and a half years of the tech bust in 2000-02, the S&P 500 Index declined 49% and the NASDAQ Composite crashed 78%.

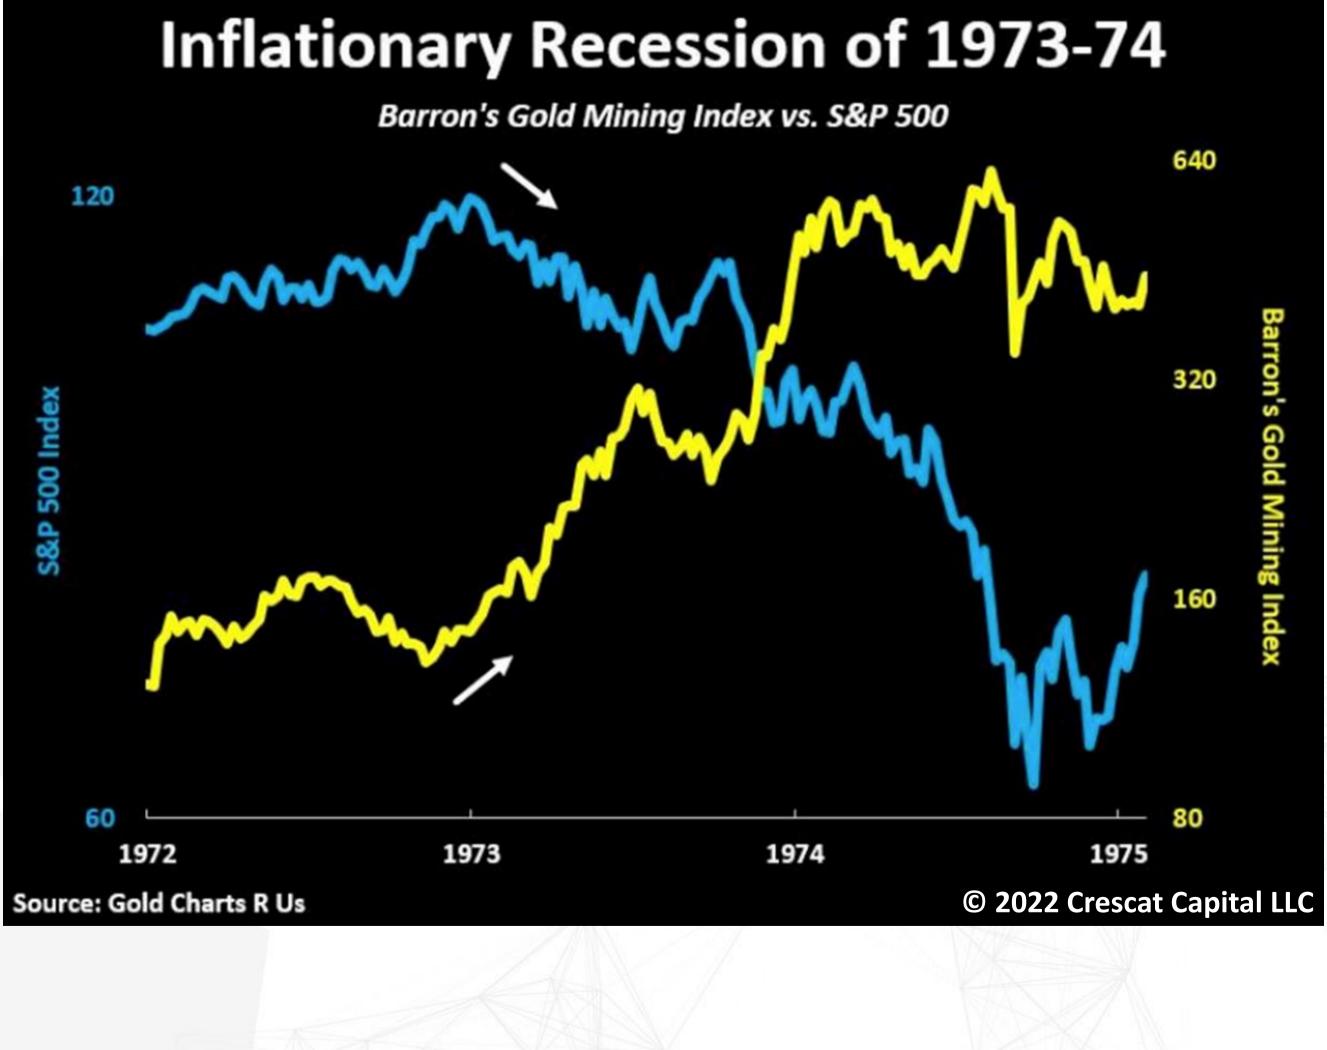

The combined enterprise value of the widely held top five is 37% of GDP, 54% higher than it was for the top five at the 2000 peak.

13

Annualized stock performance during the US's most inflationary decades was negative 5 to 6% on a real basis in the 10s and 70s. Commodities performed exceptionally well.

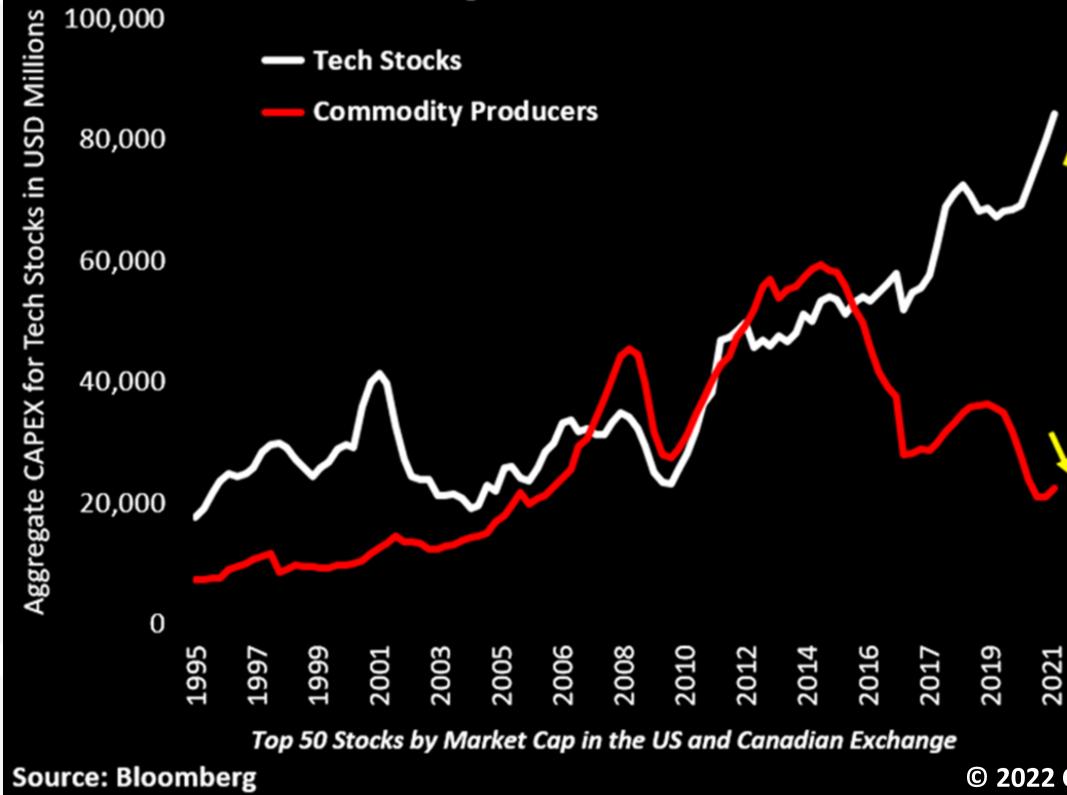

Annualized stock performance during the US's most inflationary decades was negative 5 to 6% on a real basis in the 10s and 70s. Commodities performed exceptionally well.

Too much money has been chasing exciting information technology projects while essential parts of the economy have been completely forgotten, especially natural resources industries.

16

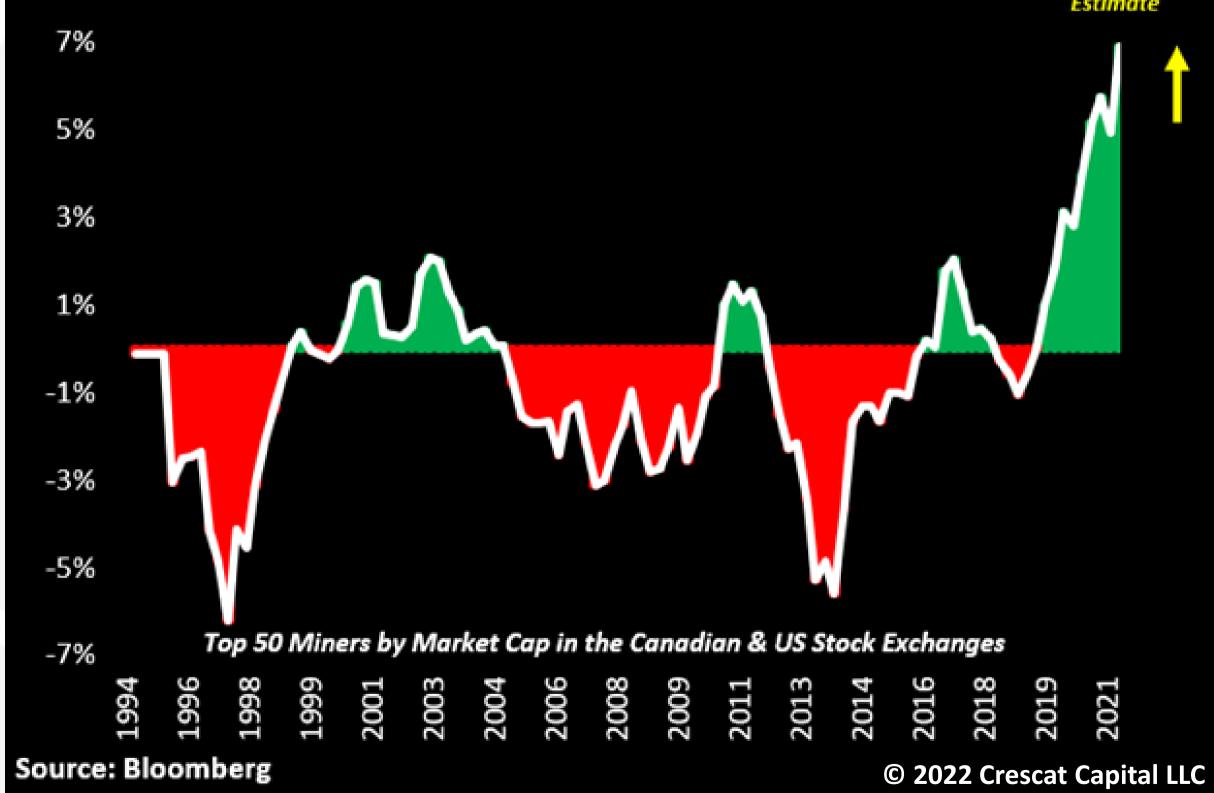

Because of a decade of exploration underinvestment, there have been no major new gold discoveries in the last four years.

# Appendix

## Kevin C. Smith, CFA

### **Member/Chief Investment Officer**

Kevin is the Founder and CIO of Crescat Capital. He has been managing investment portfolios since 1992, a career spanning multiple business cycles. Kevin has been the lead Portfolio Manager of Crescat's five investment strategies since their respective inceptions. He is the creator of Crescat's firmwide global macro investment process and systematic equity valuation model. Prior to founding Crescat, he worked as a Wealth Advisor with Kidder Peabody. He earned an MBA from the University of Chicago Booth School of Business with a specialization in Finance and a concentration in Statistics. Born and raised in the San Francisco Bay Area, he received a bachelor's degree in Economics and German studies from Stanford University. He holds the Chartered Financial Analyst designation.

## Linda Carleu Smith, CPA

### **Member/Chief Operating Officer**

Linda is a Co-Founder of Crescat Capital. As Chief Operating Officer, she manages Crescat's business operations, including finance, regulatory compliance, and client service. In prior roles at Crescat and its predecessor companies, she has served as Controller from 1997-2012 and the in dual position of Chief Financial Officer & Chief Compliance Officer from 2012-2015. She became COO in 2015. Linda came to Crescat with significant investment industry and public accounting experience from prior employment at Kidder Peabody and EKS&H (now Plante Moran) and corporate experience as Controller of Pharmajet, a biotech company. Born and raised in New Jersey, Linda earned an MBA from the University of Chicago, Booth School of Business and a BA in English Language and Literature from Tufts University. She is a Certified Public Accountant.

## Otavio "Tavi" Costa

### Member/Portfolio Manager

Tavi is a Member and Portfolio Manager at Crescat Capital and has been with the firm since 2013. He built Crescat's macro model that identifies the current stage of the US economic cycle through a combination of 16 factors. His research has been featured in financial publications such as Bloomberg, The Wall Street Journal, CCN, Financial Post, The Globe and Mail, Real Vision, and Reuters. Tavi is a native of São Paulo, Brazil and is fluent in Portuguese, Spanish, and English. Before joining Crescat, he worked with the underwriting of financial products and in international business at Braservice, a large logistics company in Brazil. Tavi graduated cum laude from Lindenwood University in St. Louis with a B.A. degree in Business Administration with an emphasis in Finance and a minor in Spanish. Tavi played NCAA Division 1 tennis for Liberty University.

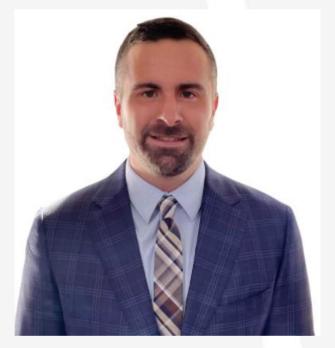

# Team Bios

## Quinton Hennigh, PhD

### Member/Geologic & Technical Director

Quinton is a globally renowned exploration geologist with 30+ years of precious metals mining experience. Dr. Hennigh obtained his PhD in Geology & Geochemistry from the Colorado School of Mines. Early in his career he worked for major gold mining companies including Homestake Mining (now Barrick Gold Corp.), Newcrest Mining, and Newmont Corp. Later, he founded Novo Resources Corp (TSX-V: <u>NVO</u>), and currently serves as Chairman. He has played a key role in major gold discoveries such as Novo's Pilbara assets in Western Australia, First Mining Gold's Springpole gold deposit in Ontario, Kirkland Lake Gold's Fosterville gold mine in Australia, the Rattlesnake Hills gold deposit in Wyoming, and Lion One's Tuvatu gold project in Fiji, among many others. Quinton advises Crescat's on its activist gold and silver exploration investment strategy and portfolio.

## Nick Donovan

### **General Counsel & Chief Compliance Officer**

Nick is the General Counsel and Chief Compliance Officer of Crescat Capital. He oversees Crescat's legal and securities matters, and U.S and offshore regulatory compliance. Prior to joining Crescat, Nick worked in the alternative investments and global strategy divisions at U.S. Bank. He also has significant experience negotiating complex commercial agreements across a wide range of industries. Nick earned a B.A. in Communications with a minor in Business Management from the University of Minnesota, and a Juris Doctor, cum laude, from William Mitchell College of Law.

## Ryan Wardell

### **Investment Systems Leader**

Ryan is responsible for the firm's investment management operations and trading, including trade staging and execution. He is also responsible for maintaining the firm's portfolio track records and internal systems, including the automation and production of its equity and macro models. Ryan came to Crescat with more than 10 years of industry experience as Specialized Services Trader at Scottrade and Fidelity Investments. He earned a Bachelor of Science in Business Administration from Old Dominion University in Norfolk, Virginia. Ryan is currently working towards the Chartered Financial Analyst designation and has passed the CFA Level 1 Exam.

# Team Bios

## Marek Iwahashi

### **Investor Relations & Accounting Coordinator**

Marek is Crescat's point person for existing and prospective investors. With a strong background in finance, he works with clients to understand their needs, explain the firm's strategies, open new accounts, and respond to inquiries. Marek also handles various operations, including performing daily trade reconciliation and settlement. He helps produce firm marketing materials, updates consultant databases, and assists the investment team. Marek stood out versus his peers by making strong grades in an accelerated degree program at the University of Colorado, Denver where he earned a Bachelor of Science degree in Accounting and Finance and an MBA with a specialization in Finance in 2019 while working full time. Prior to joining Crescat, he worked as a Mutual Fund Analyst at Broadridge Financial Solutions and assistant branch manager at TCF National Bank.

## Cassie Fischer

### **Marketing & Operations Coordinator**

With a background in both finance and marketing, Cassie strives to perfect the Crescat client journey. She is focused on transparent and engaging communication of Crescat's investment themes and strategies to distinguish the Crescat brand. Cassie has a lead role in crafting the firm's marketing materials from strategy presentations to client reports, email communications, website, and social media content. She also works as a Client Services Specialist to help existing and prospective investors refine their investment goals and better understand Crescat's offerings while answering any questions that may arise throughout the process. Additionally, Cassie is the point person for investment consultants and their databases. Cassie graduated cum laude from Virginia Polytechnic State University with a B.S in Finance. Prior to joining Crescat, she worked as a Marketing Strategist for DISH Network in Englewood, CO.

## Max Fischer

### **Portfolio Analyst**

Max joined Crescat in 2020 after earning his undergrad in Finance from Colorado State University. As a student, he served as Treasurer of CSU's finance club and as an Equity Analyst for the school's student managed mutual fund. He traded his own accounts through school and gained real world experience trading equities, options, futures, and forex before joining the team. Max currently assists the Chief Investment Officer with day-to-day tasks and supports research and trading. Max is a CFA Level I Exam Candidate.

# Important Disclosures

Only accredited investors and qualified clients will be admitted as limited partners to a Crescat fund. Investors do not have to be accredited to invest in a Crescat separately managed account. For natural persons, investors must meet SEC requirements including minimum annual income or net worth thresholds. Crescat funds are being offered in reliance on an exemption from the registration requirements of the Securities Act of 1933 and are not required to comply with specific disclosure requirements that apply to registration under the Securities Act. The SEC has not passed upon the merits of or given its approval to the Crescat funds, the terms of the offering, or the accuracy or completeness of any offering materials. A registration statement has not been filed for any Crescat fund with the SEC. Limited partner interests in the Crescat funds are subject to legal restrictions on transfer and resale. Investors should not assume they will be able to resell their securities. Investing in securities involves risk. Investors should be able to bear the loss of their investment. Investments in the Crescat funds are not subject to the protections of the Investment Company Act of 1940. Performance data represents past performance, and past performance does not guarantee future results. Performance data is subject to revision following each monthly reconciliation and annual audit. Current performance may be lower or higher than the performance data presented. The performance includes the reinvestment of dividends and other earnings. Crescat is not required by law to follow any standard methodology when calculating and representing performance data. Crescat Portfolio Management claims compliance with Global Investment Performance Standards (GIPS®). Prospective clients can obtain a compliance presentation and the firm's list of composite descriptions by visiting our website at www.crescat.net/resources/duediligence/. Returns are presented net of management fees and performance fees, except where otherwise indicated. The currency used to express performance is U.S. dollars. The performance of Crescat funds may not be directly comparable to the performance of other private or registered funds. Investors may obtain the most current performance data and private offering memorandum for a Crescat fund by sending a request via email to info@crescat.net. See the private offering memorandum for each Crescat fund for complete information and risk factors.

# Crescat Synthesized Firmwide Composite

Crescat Synthesized Firmwide Composite portrays performance using a hypothetical back-tested portfolio. Although the underlying performance is of Crescat's actual portfolios, they are synthetically combined according to a prescribed allocation. Returns depicted are of a hypothetical client who invested \$1,000,000 in Crescat's Large Cap Long-Only SMA at inception and rebalanced equally at the end of each year, and in any month when Crescat established a new SMA strategy or pooled fund (in each fund, subscribing as a "Main Class" investor). Partial lockups on redemptions and minimum investment requirements have not been factored in. Any possible tax liabilities that may be incurred by a client are not reflected. The results portrayed were achieved by means of the retroactive application of a model that was designed with the benefit of hindsight. Performance results are time weighted and reflect the deduction of advisory fees, brokerage commissions, and other expenses that a client would have paid, and includes the reinvestment of dividends and other earnings. Hypothetical performance should not be considered indicative of the skill of Crescat, and clients may experience a loss. Actual client results have been materially different from those portrayed in Crescat Synthesized Firmwide Composite.

# Benchmarks

HFRX Global Hedge Fund Index. The HFRX Global Hedge Fund Index represents a broad universe of hedge funds with the capability to trade a range of asset classes and investment strategies across the global securities markets. The index is weighted based on the distribution of assets in the global hedge fund industry. It is a tradeable index of actual hedge funds.

It is a suitable benchmark for the Crescat Global Macro private fund which has also traded in multiple asset classes and applied a multi-disciplinary investment process since inception.

HFRX Equity Hedge Index. The HFRX Equity Hedge Index represents an investable index of hedge funds that trade both long and short in global equity securities. Managers of funds in the index employ a wide variety of investment processes. They may be broadly diversified or narrowly focused on specific sectors and can range broadly in terms of levels of net exposure, leverage employed, holding periods, concentrations of market capitalizations and valuation ranges of typical portfolios. It is a suitable benchmark for the Crescat Long/Short private fund, which has also been predominantly composed of long and short global equities since inception.

Philadelphia Stock Exchange Gold and Silver Index. The Philadelphia Stock Exchange Gold and Silver Index is the longest running index of global precious metals mining stocks. It is a diversified, capitalization-weighted index of the leading companies involved in gold and silver mining. It is a suitable benchmark for the Crescat Precious Metals private fund and the Crescat Precious Metals SMA strategy, which have also been predominately composed of precious metals mining companies involved in gold and silver mining since inception.

Russell 1000 INDEX. The Russell 1000 Index is a market-cap weighted index of the 1,000 largest companies in US equity markets. It represents a broad scope of companies across all sectors of the economy. It is a commonly followed index among institutions. This index contains many of the same securities as the S&P 500 but is broader and includes some mid-cap companies. It is a suitable benchmark for the Crescat Large Cap SMA strategy, which has predominantly held and traded similar securities since inception.

S&P 500 INDEX. The S&P 500 Index is perhaps the most followed stock market index. It is considered representative of the U.S. stock market at large. It is a market cap-weighted index of the 500 largest and most liquid companies listed on the NYSE and NASDAQ exchanges. While the companies are U.S. based, most of them have broad global operations. Therefore, the index is representative of the broad global economy. It is a suitable benchmark for the Crescat Global Macro and Crescat Long/Short private funds, and the Large Cap strategies, which have also traded extensively in large, highly liquid global equities through U.S.-listed securities, and in companies Crescat believes are on track to achieve that status. The S&P 500 Index is also used as a supplemental benchmark for the Crescat Precious Metals private fund and Precious Metals SMA strategy because one of the long-term goals of the precious metals strategies is low correlation to the S&P 500.

## **Crescat Strategies Key Differences**

### Through March 2022

### **Precious Metals Fund**

- Major asymmetry
- **Industry expertise**
- Alpha & beta over precious metals
- In depth exploitation over one macro theme
- Capable of participating in private placements
- Negotiating warrants and discounts
- Activist approach
- Cumulative Return: 210.4%
- Correlation to Philadelphia Gold & Silver Index: 0.31

### **Global Macro Fund**

- Negative downside capture
- All asset classes
- All themes incorporated
- Omega Ratio: 1.05
- Annualized Alpha (vs. S&P 500): 18.1%
- Downside Capture (vs. S&P 500): -49.4%

### Large Cap SMA

- Longest track record
- Primarily driven by Crescat's fundamental equity model
- **Outperformed S&P500**
- Long only

### Long Short Fund

- Lower volatility
- Second longest track record
- Primarily driven by Crescat's fundamental equity model

### **Precious Metals SMA**

- **Industry expertise**
- Long only
